For any information on our products and services that you do not find in this catalogue, please contact us at Manchester, Connecticut. We have three seperate telephone lines and a direct Western Union wire for your convenience.

Wrapped Nursery Stock

This catalog contains information and prices for our bare root stock. In addition, C. R. Burr & Company has pioneered in the packaged nursery stock field, developing the most attractive packages on the market. You can choose from a complete and balanced list of roses, shrubs, vines, fruits and ornamentals in varying price groups. All plants are root-wrapped in moist imported peat moss for maximum keeping quality while in transit and on sale. We will be glad to send you the complete list and any information you wish in addition. Just call or write us at Manchester, Connecticut. If you so desire, we will have our representative in your area visit with you for a discussion of your nursery stock requirements.

BURR

Plenty of "heft" to the package. Average circumference is 16"!

Compare these features!

Reading from left to right - Peace, Mojave, Show Girl pictured in June in our California rose blocks at West Covina, California. Note the vigor and bloom.

C. R. BURR & COMPANY, INC., has been "Growing Since '98" a complete line of northern grown nursery stock, including evergreens, fruit trees, hedge plants, roses, shade trees, flowering trees, shrubs and vines. We have 600 fertile acres under cultivation in the rich Connecticut Valley, famous for shade-grown tobacco and other agricultural crops.

This has been a good growing summer, if somewhat dry, and our stock is making sturdy growth and fine root development. Our catalogue is being compiled earlier this year, so that we can not see the whole season's growth yet, but it is a safe prediction that our plants will be of the same high quality as usual, thanks to recent generous rains.

We don't grow everything, but we do have an extensive selection of color and variety in nearly every category. There are 57 varieties of patented roses, including all of the newer varieties such as Queen Elizabeth, Tiffany, Jiminy Cricket, and this year's AARS winner, Circus. In addition, we have 55 of the tried and true non-patented varieties to choose from. In flowering shrubs we have a complete line, including all of the old favorites such as Forsythia, Hydrangea, Mock Orange, and Quince, in addition to many of the newer introductions, including Forsythia Spring Glory, Forsythia Lynwood Gold, Philadelphus Coronarius Aurea, and Clavey's Dwarf Honeysuckle.

Although they are not any more plentiful than they have been in recent years, we have a good range of shade and ornamental trees. There are Norway, Sugar and Silver Maples, Birch, Hawthorne, Flowering Peach and Flowering Plum. We have added Prunus Mt. Fuji, a double white flowering cherry this year. See the complete list on page 22.

Although business is becoming more competitive and selling requires more effort, the general outlook for Fall and Spring appears to be highly favorable. No acute scarcities seem to exist, although quality roses are definitely in short supply as a result of the freeze of March 26. Yews are another item that cannot be found in quantity—at least not good ones.

We are always glad to show visiting nurserymen around our farms and through our warehouses. It has proved to be our best form of advertising and we hope that you will find it possible to visit us. Our Main Office is nine miles East of Hartford, Conn., near Routes 6, 15 and 44. We will meet you at Hartford or Springfield, Mass. If you let us know when or where you will arrive. (See map on Index Page).

TERMS AND CONDITIONS OF SALE

C. R. Burr and Company is a member of the American Association of Nurserymen, the New England Nurserymen's Association, and the Connecticut Nurserymen's Association.

All of our stock is graded by standards of the American Association of Nurserymen.

All prices in this catalog are wholesale, and apply only to wholesale quantities as listed. They are based on present market conditions and may be changed without notice. Terms are F.O.B. Manchester, Connecticut. Prices are less 2% within 10 days, net 30 days. C.O.D. orders are to be accompanied by 25% of the amount of the order. Cash, security or references are required from unknown parties. Correspondents are requested to use their business letterhead to identify them as being entitled to wholesale prices.

Quantity Purchases . . .

We do not break bundles. To qualify for wholesale prices, all orders must be in 10 or multiples of 10 of a variety.

Purchases of 30 or more of one item entitle the purchaser to the 100 rate*.

Purchases of 300 or more of one item are at the 1000 rate.*

(*This does not apply to roses and evergreens which have special discounts)

Shipping . . .

We welcome our customer's instructions regarding shipping. In the absence of definite instructions we will use our own judgement. with the distinct understanding that our exercise of such judgement can not result in any liability by us.

A charge will be made for boxing and crating except when cash accompanies the order. Boxing and crating charges are made at cost.

Claims for shortages, unsatisfactory stock or for any cause whatsoever must be made in writing direct to C. R. Burr & Company, Inc., Manchester, Connecticut. **within ten days from the receipt of shipment.** Any shipment damaged by a transportation firm should be inspected by a representative of the carrier within 48 hours if damage is to be claimed.

Warranty . . .

All stock is warranted to be true to name, and at our option we will either replace or refund the purchase price of any item which is proved not to be the variety listed herein. No further warranty expressed, implied or statutory is made.

PLEASE NOTE—We accept all orders subject to crop conditions, and on condition that orders may be cancelled should injury befall our stock from hail, frost, error in count or other cause beyond our control. All orders are accepted without liability for non-performance if labor shortages or delay in transportation should prevent us from making delivery as specified.

Flowering Shrubs

Your shrubs from the Burr Nursery are cut back, transplanted field grown plants, two, three and more years old. They are produced in the famed Connecticut Valley, renowned for its production of quality agricultural crops.

We welcome your inspection of these fine shrubs throughout the year either in the field or in our storage. The plants are propagated from both hardwood and softwood cuttings and rooted in our own greenhouses. All plants propagated from softwood are individually potted and carried in cold frames from September to May before being planted out, and are grown on for two or three years. Plants propagated from hardwood are lined out under irrigation and carried from spring to fall, at which time they are placed in cold storage. The following spring the plants are lined out again and grown on for two or three years.

In the field the shrubs are grown in well spaced rows, fertilized and cultivated to the exact extent required to assure you a healthy, hardy, thrifty ornamental. All Burr shrubs are cut back in the field to develop a heavier branched top and a more vigorous root system.

*BUDDLEIA EMPIRE BLUE

Long panicles of delicate lilac-blue flowers. Grows 4 to 6 feet tall. Blooms in late summer.

	10	100	1000

DWARF & LOW GROWING SHRUBS

Especially good for the contemporary ranch type architecture.

This selection of shrubs has been listed because of special qualities fitting it to the new homes being built today. These shrubs will stay in scale with the single-story home and the down-to-the ground glass area being featured by today's builders.

DEUTZIA GRACILIS—Slender Deutzia.

Graceful nodding white flowers. Small shrub about two feet tall; good for border planting.

	10	100	1000
12 to 15 in.....	\$4.50	\$40.00	\$350.00
15 to 18 in.....	5.50	50.00	450.00
18 to 24 in.....	7.00	65.00	550.00

BERBERIS THUNBERGI

ATROPURPUREA—Red-leaved Japanese Barberry.

Rich dark red foliage throughout the season. Shining red berries. Three year transplants.

12 to 15 in.....	4.00	35.00	300.00
15 to 18 in.....	4.50	40.00	350.00
18 to 24 in.....	5.50	50.00	450.00

EUONYMUS ALATUS COMPACTA—

Dwarf Winged Euonymus.

Compact growing; ultimately four to six feet tall. Brilliant fall foliage.

9 to 12 in.....	5.50	50.00
12 to 15 in.....	7.00	65.00

LIGUSTRUM OBTUSIFOLIUM

REGELIANUM—Regal Privet.

Low growing, with almost horizontal branches. Makes a dense hedge without trimming, or may be used as a specimen.

18 to 24 in.....	5.00	45.00	400.00
2 to 3 ft.....	6.00	55.00	450.00
3 to 4 ft.....	7.00	65.00	550.00

LONICERA NANA CLAVEYI—Clavey's

Dwarf Honeysuckle.

Ultimate height four feet. White blossoms.

Compact growth from the ground up.

Vines

Our Connecticut Valley-grown vines are extremely well rooted to give you a quick start in securing the coverage you desire.

AMPELOPSIS tricuspidata Vietchi.

Boston Ivy.

Glossy green foliage, purplish when young and turning bright tones in the fall. Blue berries. Very graceful and hardy, clinging closely to walls by tendrils.

	10	100	1000
2-yr., No. 2.....	\$4.00	\$35.00	\$300.00
2-yr., No. 1.....	5.00	45.00	400.00

ARISTOLOCHIA—Dutchman's Pipe.

Large, vigorous twining vine with very large leaves. Grows four to six feet a year. Ultimate length 30 feet.

2-yr., No. 1.....	10.50	100.00
2-yr., No. 2.....	8.50	75.00

BIGNONIA radicans. Trumpet-vine.

A tall, tropical-appearing vine with large, trumpet-shaped flowers of glowing orange-red in August. A rapid grower; self-clinging. Grows 30 to 40 feet.

2-yr., No. 2.....	4.00	35.00
2-yr., No. 1.....	5.00	45.00

CELASTRUS scandens. American Bitter sweet.

Tall, vigorous climber with bright green leaves and orange-yellow berries that split open in fall, showing crimson within. For covering rocks, walls or lattice.

2 yr., No. 2.....	4.00	35.00	300.00
2-yr., No. 1.....	5.00	45.00	400.00

*CLEMATIS jackmani. Hybrid Clematis.

Covered with large, velvety purple blue flowers. Blooms all summer.

From 4 in. pots.

1-yr., No. 1.....	7.50	70.00
-------------------	------	-------

*C. paniculata. Sweet Autumn Clematis.

Profuse fragrant white flowers in late summer. Well adapted for covering porches, arbors, or the sides of buildings. Vigorous and hardy. Grows 6 to 10 feet.

2-yr., No. 1.....	5.00	45.00	400.00
-------------------	------	-------	--------

1000 rate applies on 300 or more.

EUONYMUS radicans vegetus. Bigleaf Wintercreeper.

A versatile evergreen plant that can be trained as a shrub, vine or ground cover. A shrubby climber 5 to 6 feet tall. Will cling to stone or brick walls.

	10	100	1000
9 to 12 in.....	\$5.00	\$45.00	\$400.00
12 to 15 in.....	6.50	60.00	550.00
15 to 18 in.....	8.00	75.00	700.00

LONICERA Heckrotti.

Gold Flame Honeysuckle.

Fragrant red and yellow. A shrubby vine, splendid for massing and as a ground cover.

2-yr., No. 2.....	4.00	35.00	300.00
2-yr., No. 1.....	5.00	45.00	400.00

*L. japonica Halliana. Hall's Japanese Honeysuckle.

A semi-evergreen climber 10 to 15 feet tall. Flowers white, changing to yellow, very fragrant. Fine for trellises and as a ground cover.

2-yr., No. 1.....	\$3.50	\$30.00	\$250.00
-------------------	--------	---------	----------

LYCIUM Chinensis. Chinese Matrimony Vine.

Valued for its dense growth and bright red fruit in the fall. Very easy to grow; spreads rapidly. Very good for embankment plantings. Flower is small, lilac purple.

2-yr., No. 2.....	4.00	35.00
2-yr., No. 1.....	5.00	45.00

*POLYGONUM Auberti. Silver Lace-Vine.

Tiny white flowers in feathery sprays from August to October. A very fast grower, tall and hardy. Grows to 20 feet.

2-yr., No. 1.....	6.50	60.00
-------------------	------	-------

*WISTERIA, Purple.

Long sprays of handsome bloom. A large, very vigorous, hardy and long-lived vine well adapted for training on porches, arbors and trellises. Grows to about 25 feet.

Own-root

Roses

You will be pleased with the development and luxuriant growth of Burr Roses. They are budded on Rosa multiflora, the hardiest and the least suckering of Rose understocks. The plants have been fertilized at the proper time, well cultivated and adequately dusted during the growing season to make them vigorous and disease free.

For years C. R. Burr & Co. Inc., have offered the finest packaged roses on the market.

The growth in garden centers have made this type of merchandise a must. See Inside Front Cover and send for information as to prices and varieties.

In 1956 this superior package will be backed up by a comprehensive Merchandising Program to help you sell them—and it doesn't cost you a penny.

NOTE: On Non-patented Varieties . . .

Purchase of 30 or more qualifies for 100 rate.

Purchase of 250 or more qualifies for 1000 rate.

To qualify for above rates it is not necessary that all roses be of one variety.

Hybrid Teas

	100	1000

Fruit Trees

Choice northern-grown fruit trees have been one of the featured items at Burr's for many years. As New England's largest fruit-tree growers, we are confident that your requirements will be satisfied here. All trees are grown by the most modern methods and all are graded to the standards of the American Association of Nurserymen.

The inspectors of the Massachusetts Fruit Growers Association offer inspection service for trueness-to-name and are regularly employed to inspect Burr blocks of fruit trees.

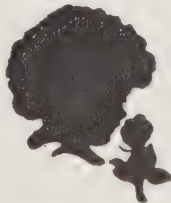

Height and Caliper

Height given of fruit trees is approximate and represents average height of most varieties. Some small growing kinds may fall short of height specified as it is intended that the caliper shall govern.

APPLES

	100	1000	
2 yr., 3-4 ft. $\frac{7}{16}$ -in. cal.	\$50.00	\$450.00	↘ Red Astrachan. The standard large red summer apple.
2-yr., 4 ft. and up, $\frac{9}{16}$ -in. cal.	65.00	600.00	↘ Red Delicious. Large, solid, red. Excellent flavor.
2-yr., 4½ ft. and up, $\frac{11}{16}$ -in. cal.	75.00	700.00	↘ Red Gravenstein. Large, well colored; flesh slightly yellow. Summer.
↘ Baldwin. Large, bright red, crisp. Ships and keeps well.			↘ Red Jonathan. Rich red, juicy, firm. For cooking or eating raw. Late fall.
↘ Cortland. Red; fine flavor. A month later than McIntosh.			↘ Red McIntosh. Solid red. A heavy yielder. Fall.
↘ Early McIntosh. Has same characteristics as McIntosh but bears three to four weeks earlier.			↘ Red Rome Beauty. Bright red. Superior quality.
↘ Grimes Golden. Golden yellow, tender fall apple.			↘ Red Spy. Extra large fruit. Vigorous and hardy.
↘ Northern Spy. Large, bright scarlet marked yellow. Rich flavor.			↘ Red Stayman's Winesap. Very large, red winter apple.

Ornamental Trees

The great increase in new housing has resulted in a very widespread demand for ornamental trees. It is our belief that this demand will continue to be strong for several years, and we feel that the ornamentals in our blocks at Ellington will prove profitable for you. They are grown in richly fertilized soil, spaced in wide rows and pruned to produce a desirable form. Our ornamentals have clean, straight trunks and well branched heads. We have many varieties available that have been scarce in recent years, particularly Norway and Schwedler maple.

ACER dasycarpum. Silver Maple.

A large, wide-spreading tree. Bright green leaves, silvery white underneath, turning pale yellow in the fall. Fine shade tree to 80 feet tall.

10

Evergreens

F. O. B. Manchester, Conn.

You may choose from acres of well-grown reasonably priced evergreens at our South Windsor and Ellington farms. They are grown in soil especially well adapted to produce the fine fibrous root systems so essential to digging with a good firm ball. All our evergreens have tied balls, and whether you need ten or a carload you may be sure of buying well-sheared, root-pruned, properly fertilized trees.

DAPHNE cneorum. Rose Daphne.

A very sweet scented, dwarf evergreen shrub with pink flowers in May and June and intermittently all summer.

	10	50	100
6 to 9 in.....	\$12.50	\$57.50	\$100.00

2 to 2½ ft.....	30.00	275.00
2½ to 3 ft.....	35.00	315.00

J. glauca hetzi. Hetz Blue Juniper.

A spreading type similar to pfitzer in habit but with a handsome blue gray color.

	10	100
15 to 18 in.....	\$26.00	\$235.00
18 to 24 in.....	33.50	300.00

NEW CORLISS EUONYMUS—PATENTED

Here is something new! . . . the broadleaf, evergreen beauty of Euonymus vegetus foliage especially developed into three shrub forms. These perfectly hardy plants make up into three forms, as listed, without support or special training. They will, however, respond to shearing if a slightly altered shape is desired. Here is more than a new variation of a familiar plant . . . these forms of Euonymus, because of their hardiness, will make the broadleaved evergreen shrub available for landscaping use where the climate prohibits such items as Azaleas, boxwood and holly.

Euonymus Trueshrub—Patent 1073

Neat, compact evergreen shrub of ovoid form, with an ultimate height of four feet and spread of about three and one half feet. Distinctly upright growth from one stem without support.

Euonymus Columnar—Patent 1079

Exceptionally compact specimen for upright narrow shape. Suitable for a pillar shrub, hedge, or pyramid. Ultimate height four to five feet, spread about 18 inches. Both this and Trueshrub respond to shaping.

Euonymus Dwarfshrub—Patent 1112

As its name implies, Dwarfshrub is the shortest of the family, adaptable as a ground cover or facing-down shrub. Very slow-growing, reaching an ultimate height of 18 inches.

PRICES: B&B

All three varieties, 12 to 15 inch grade.

1-24	25-249	250 and up
